Dear Mr. Ashcroft:

I am writing today to express my strong sentiments on the Microsoft anti-trust dispute. I support Microsoft in this, and I feel the settlement reached on November 6, 2001, is fair and reasonable. I am happy to see that this dispute has been resolved.

I believe that Microsoft has had a positive impact on the technology industry and the economy. Microsoft has made it easier for the average consumer to conduct business. I believe the technology revolution that we have experienced in the last decade would not have been possible without contributions from Microsoft.

I feel this settlement will serve in the best interest of the public. Thank you for your support.

Sincerely,

Jim Denison
